

It's all about image.
Yours.

It's not just business.
It's personal.

Your reputation is on the line with every job you do. For more than thirty years, Cottrell has been committed to making the visions of our clients come to life... in vivid color, or whatever color scheme you can imagine. Our job is to provide you with a finished product that accurately tells your story.

From short-run copies, to highly customized printed materials, to complicated merge-mail projects, finishing techniques and mailing services, you can put your trust into Cottrell. We will get it done right. On time. On budget. And with a level of service unmatched in the industry.

Delivering results that make you look good. Because it's not just business. It's personal.

Anyone can put ink on paper. Ultimately, it's about service.

Your vision deserves one-on-one attention. Attention to detail. Attention to your needs. Attention to the finished product. You can be confident that's exactly what you'll get with Cottrell.

Everyone knows that there are countless print providers to choose from. With the advent of internet-based printers, it's no secret that there may be better 'deals' to be had in the marketplace. But when it comes to a dedicated service partner with whom you can collaborate on projects and rely upon for support, the arena suddenly becomes much smaller.

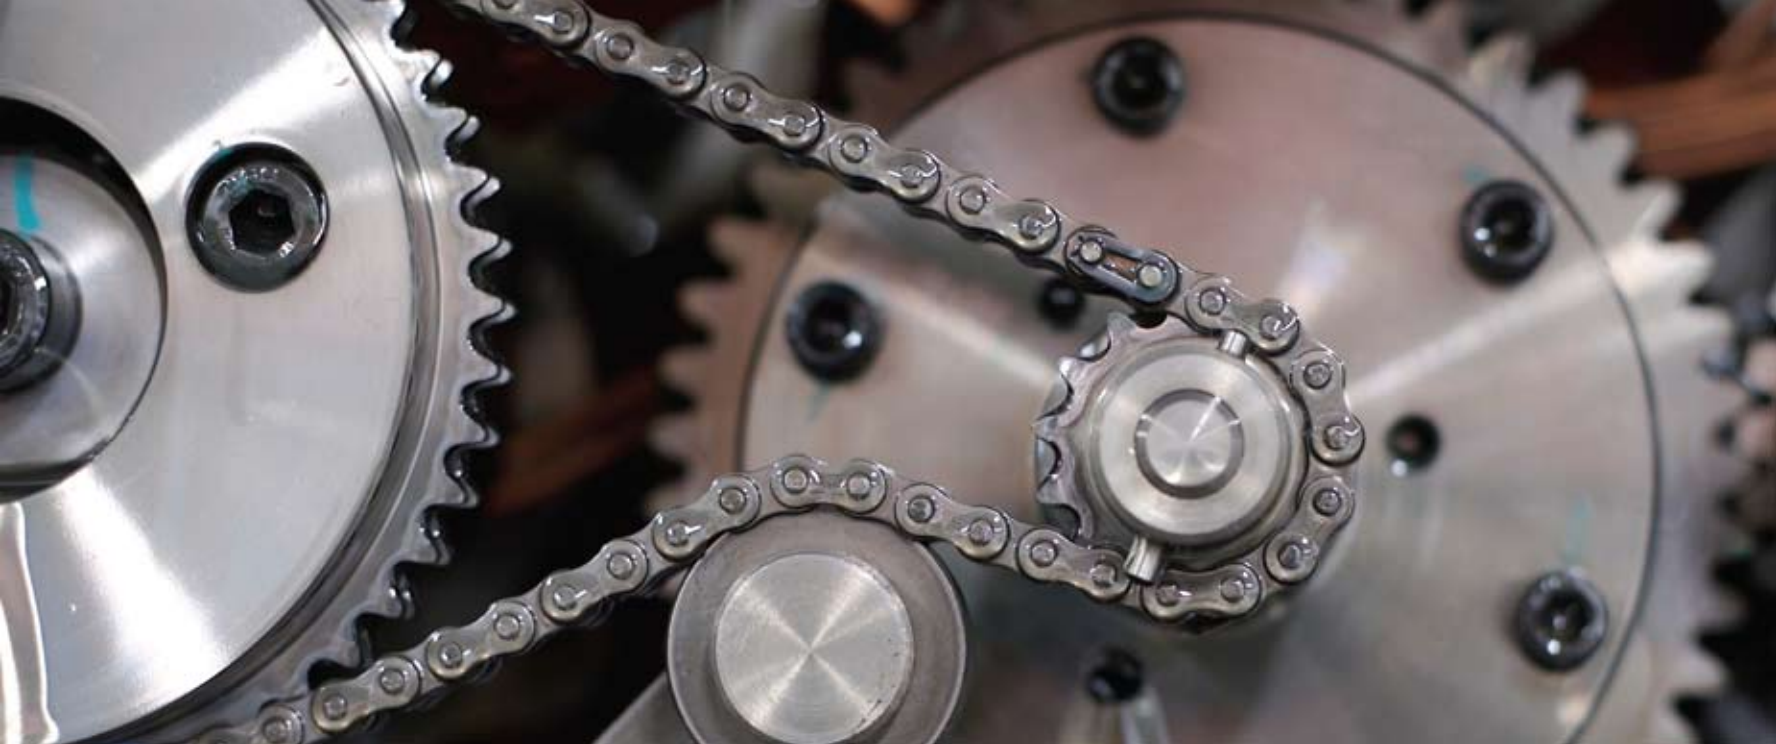

Cottrell is in the business to become your solutions provider. Each and every client is treated with the same level of dedication to top-notch service and a relentless commitment to quality, regardless if you're printing 150 business cards, or 10,000 full-color catalogs that need to be bound, stuffed, addressed and mailed.

Cutting-edge equipment & technology Capability to suit your needs

Cottrell is a full-service, large capacity commercial printer loaded with the latest equipment and service procedures. From concept design services and image setting, to pre-press, offset printing, bindery and mailing services, Cottrell is among the leaders in advanced printing technologies and equipment.

We also provide state-of-the-art digital printing services and operate a full-service quick copy center within our facilities. No job is too big, nor too small for us. We are happy to provide a complete detailed list of our Print and Copy Equipment for those who may be interested in the exact equipment we have on the floor. Be quite confident that the quality of our finished product is second to none, and that a competitive price structure and top-notch service will keep you more than satisfied for years to come... improving your image every step of the way.

More than just mechanicals and machinery. People make the difference.

That means you will always receive competitive pricing, you will always know where your project stands, our team will always be at the ready to help you in all facets of print communications. Because at Cottrell, we build long-term business partnerships, not just temporary customer - vendor transactions. Continuous communication means less room for error, less chance of unmet expectations and more chance for you to get on with the rest of your day—confident that your job is being handled without having to baby sit your print provider.

Our philosophy of partnership goes beyond clients and suppliers. We are family-owned and operated, and most of our associates have been with us for more than ten years. We've amassed a team of experts who willingly "go the extra mile" for our clients... leading the industry in not only technological know-how, but service, too.
